CURRICULUM

Bachelor of Science in Interior Design (BSID)

Academic Year 2023-2024

Reference CMOs: CMO No. 39 s. 2021, CMO No. 40 s. 2021 and CMO No. 20, s. 2021, CMO No. 44 s. 2017, CMO No. 4 s. 2018

Curriculum Description

Interior Design is recognized as a distinct professional field of study. It is a discipline with its own specialized body of knowledge, which is defined by its own set of competencies, theoretical framework and philosophies.

Interior design according to Republic Act 10350 (the Philippine Interior Design Act of 2012), refers to the science and art of planning, specifying, selecting, and organizing the surface finishes and materials including furniture, furnishing and fixtures and other interior design elements for the purpose of interior space allocation to suit, enhance and meet the intended function, movement and character for which the interior of building is designed.

Program Educational Objectives of Interior Design

The interior design alumni three to five years after graduation shall:

1. Successfully demonstrate critical and analytical thinking of principles, philosophies and theoretical frameworks of the Interior Design discipline.
2. Foster a strong sense of nationalism arising from the realization of the role of interior design in the nation's historical and cultural development.
3. Adhere to professional, moral and ethical standards in the practice of Interior Design development.

Institutional Graduate Attributes

The student should achieve at least 75% for each IGA upon graduation.

1. **Knowledge Competence.** Demonstrate a mastery of the fundamental knowledge and skills required for functioning effectively as a professional in the discipline, and an ability to integrate and apply them effectively to practice in the workplace.
2. **Creativity and Innovation.** Experiment with new approaches, challenge existing knowledge boundaries and design novel solutions to solve problems.
3. **Critical and Systems Thinking.** Identify, define, and deal with complex problems pertinent to the future professional practice or daily life through logical, analytical and critical thinking.
4. **Communication.** Communicate effectively (both orally and in writing) with a wide range of audiences, across a range of professional and personal contexts, in English and Pilipino.
5. **Lifelong Learning.** Identify own learning needs for professional or personal development; demonstrate an eagerness to take up opportunities for learning new things as well as the ability to learn effectively on their own.

6. **Leadership, teamwork, and Interpersonal Skills.** Function effectively both as a leader and as a member of a team; motivate and lead a team to work towards goal; work collaboratively with other team members; as well as connect and interact socially and effectively with diverse culture.
7. **Global Outlook.** Demonstrate an awareness and understanding of global issues and willingness to work, interact effectively and show sensitivity to cultural diversity.
8. **Social and National Responsibility.** Demonstrate an awareness of their social and national responsibility; engage in activities that contribute to the betterment of the society; and behave ethically and responsibly in social, professional and work environments.

Student Outcomes

The following skills, knowledge, and behavior are expected to be attained by students as they progress through the program:

- a. Ability to formulate and implement design concepts, strategies and/or approaches using new technology in Interior Design.
- b. Ability to integrate theories, current issues and design philosophies to Interior Design problems.
- c. Ability to demonstrate knowledge of history of arts, period styles, materials of decoration, furniture design, building construction and color studies
- d. Ability to effectively function and assimilate within a collaborative framework in multidisciplinary teams and taskforce
- e. Effectively convey and communicate through visual, oral, written and virtual communication whether interpersonally through mass media or through electronic means or advance ICT technologies
- f. Ability to understand, apply and practice ethical, professional values and responsibilities.
- g. Ability to perform tasks according to Interior Design global standards
- h. Ability to exhibit sensitivity to cultural preservations, social environmental issues and advocates
